

Register Your Teladoc Account!

Did you know that the Polk County Government Employee Health Plan has partnered with Teladoc™ to provide its participants with quick access to licensed doctors anytime, anywhere via phone, web or mobile app?

Teladoc™ is an easy, convenient and affordable option for quality medical care. Their doctors can diagnose and treat many non-emergency conditions, including:

- Cold and flu symptoms
- Respiratory infection
- Sinus problems
- Ear infections
- Skin problems
- And more!

Registering is quick and easy! You'll need to log on to [Teladoc.com/Aetna](https://teladoc.com/Aetna) to set-up your account and provide your medical history, much the same way you would in a Primary Care Physicians office. Once your account is set-up, you may access services by phone, web, or the Teladoc mobile application from any smart device.

And, if you have dependents younger than 18, you can register them under your account. Covered spouses and adult dependents ages 18 through 26 are also eligible, but must register their own account.

Teladoc™ does not replace your Primary Care Provider, but rather offers you a more convenient way to get medical care.

The Cost to You
